THE ELECTION IN CALIFORNIA. The following is the latest from California: At the hour of penning this, 4 o'clock, A M. Wednesday, it is impossible to say which of the electoral tickets has been successful in this State. The city has probably given Mr. Buchauan a small majority not exceeding one hundred. The People's sicket is elected throughout, by upwards of one thousand majority. The result as regards the electoral ticket has taken all parties by surprise, as it was generally supposed that the Republicans would have a large majority in this

River Items,

We copy the following from the Cincinnati Commercial of yesterday:

The river rose nearly 1 foot yesterday. Altogether it has risen twenty-seaen inches, making from four and a half to five feet in the channel from Portsmouth to Louisville. There were five feet two inches and stationary at Pittsburg last night, and four feet and rising at Wheeling, with indications of rain. At this point it rained steadily nearly all day. At one time during the day we ness. The Cambridge and Belmont arrived yesrday from above—the latter from Pittsburgh. She reports the Shade, Big Hocking, Big Kana-wha, Big Sandy, and in fact, all the tributaries, pouring out finely. We have no doubt, from all accounts, we will have enough water from here to the mouth, by the close of the present week, for our largest New Orleans boats. Kentucky river was high and rnunin; out strong yesterday. Licking took a fresh start during the af-

ternoon, and gave us more water. We see by the New Orleans papers that the Eslipse and Natchez are running as opposition trackets in the Vicksburg trade. Last Saturday week they left New Orleans together, both advercised to start at the same hour. On the down trips they had good cargoes, the Eclipse had 4,000 bales of cotton and the Natchez 2,000

If a case of dyspepsia should be neglected, most serious effects may ensue, for it lays the foundation for, is the incipient cause of, and very trequently terminates in consemption. I would impress apon the mind that to trifle with this disease, may be to sport with that reason which constitutes man super-eminent among animal beings, or to embitter existence by adding a consciousness of folly to the penalty of pain.

This medicine is prepared entirely from vegetable substances; the most deheate stomach can bear it conveniently, and it is given with perfect safety, in mininte doses to the most tender intains, its properties being of a strengthening and uvigorating nature. It is neatly put up in bottles, with ample directions for use.

The following testimonials from some well known and respectable citizens of Philadelphia, are fully corroborative of the trice efficacy of the Anti Dyspeptic Elixir.

Attetaation. We, having used William's Anti-Dyspectic Elixir with the most perfect satisfaction and success, take great plea-sure in recommending it to all persons suffering with Dys-popsia, as we are fully convinced of its most estimable qualities in restoring the digestive powers, removing all pain and uneasiness, and imparting a healthy tone to the

PHILADELPHIA, March 16, 1863.

Doctor Jaoies Williams:—For several years past, I have been liable to attacks of Dyspepsia; but never have I heen more distressingly efficied with its symptoms, than within the last few weeks. Indigestion, bervons irritability, despondency, a sense of weight in the stomach, and severe pains in the left side, rendering me, for the time being, truly wretched. Fortunately, I was recommended by a friend to try your Elizir. I did so, and in test than two weeks, indigestion ceased; pain and nervous depression left me, and appetite, with mental and boddy health, were fully restored. To methecure secured almost ni raculous, and my object in writing to you is—a hope that other persons suffering the miseries of Dyspepsia will avail themselves of your officiant remedy.

I am, dear sir, yours truly.

Louisville, Ky,

In calling the attention of dealers in our line in this market, we would state that during the last six months our attention has been directed to getting up a large number of new Stove and Grate Patterns, which, idded to our already large stock, gives us one of the most extensive and diversible assortments in the wostern market. Among the number, we would refer to our "Ashland Kentuckian" Cook Stove, (three sizes out.) These Stoves have great weight of metal, highly finished and elegant in appearance. They combine all the modern improvements that practical experience has developed.

We would invite dealers to call and examine for themselves, and we think in quality, price, &c., they can be suited. Having enlarged our manufacturing department, we can promptly meet all demands. Thankful for the pat ronage which has been so kinkly bestowed upon us, we trust, by strict and prompt attention to all orders, to secure a continuance of it. And the quality of our manufactured work shall be, as heretofere, equal if not superior to the best, and satisfaction given in all casees.
